

# Make a Marble Run!

You will need to be in teams of 2 or 3

You have 1 hour to create your very own marble run..  
use the recycling such as tubes, toilet rolls and boxes to make a run for your marble to travel down, use the tape to attach them.

Start at the top of your box and make your runs flow down through the box, then try and create your own marble look using pens to decorate your run.
